Northwest Minnesota offers opportunities to find quiet wilderness, fun sporting events, exciting entertainment and the bright lights of regional trade centers within a reasonable travel distance. You can plan a weekend of relaxed camping in a small town setting and yet have access to some of the Midwest’s best shopping areas.

Wildlife preserves with moose, deer and elk are only a few miles from the finest golf courses around. The natural terrain includes lakes, rivers, forest, prairie and everything in between. You can find crowds of people in the more popular spots but there are also places where peaceful solitude is the only description.

27952 400th St.
6 miles NW of Roseau on County Road 123
http://www.dnr.state.mn.us/wmas/index.html
Currently 6,000 acres with ongoing acquisition of adjoining land in order to complete the WMA and flood control project. Roseau Lake was drained in the early 1900’s. Prior to drainage the area had a rich history of wildlife use and public recreation use. The lake remains drained yet today except during wet periods when the Roseau River overflows its banks and re-floods the original lake basin. Wildlife use of the area fluctuates dramatically with the water levels. It can be a good area to observe shorebirds and other wetland related wildlife during migration some years.

**Agassiz Valley**

Experience wildlife at the beach along Glacial Lake Agassiz. To the west are the Tallgrass Prairies - to the east, the Aspen Parklands. The Audubon Center has them both. It’s a great place to spot magpies & kingfishers, warblers and owls, as well as the occasional otter, moose, bear and wolf. Bring a picnic lunch and spend the day. Experience the quiet serenity of the pine groves, prairie vistas and aspen woodlands. There’s plenty to see. While you’re here, take a walk across the street to the Agassiz Valley flood control impoundment - one of the best birding locations in NW MN. Look for white pelicans, common loons, sandhill cranes, great blue herons, shorebirds and waterfowl. New in 2015, the Agassiz Valley Residential Pollinator Garden will be available for you to visit, which showcases natural habitat plants, forbes and trees. Agassiz Valley is closed during the winter months.

Corner of Elk St. and Hwy 11
This beautiful memorial commemorates our United States Armed Forces. The memorial was dedicated in May 2004.

Warroad Point Park 218-386-1004 or 218-386-1454
RV/Camping with electrical, water and sewer hook-ups, showers, flush toilets, dump station.
Public boat access, ample parking, fishing pier and heated fish cleaning houses make Warroad Point Park a terrific home base for fishermen. The park also offers newly constructed playground equipment, picnic shelters, campground and an outdoor swimming pool. Nature viewing from Warroad Point Park's observation tower and drive-up nature viewing area offer a terrific opportunity for bird watching as the park is the first stop on the Pine to Prairie Birding Trail. Casino gaming, shopping, and lakeshore dining are within a block or two of the park.

**Roseau Lake Wildlife Management Area**  
27952 400th St.  
218-463-1130

http://www.dnr.state.mn.us/wmas/index.html

6 miles NW of Roseau on County Road 123  
Snowmobiling legal on this WMA. No groomed trails.

Currently 6,000 acres with ongoing acquisition of adjoining land in order to complete the WMA and flood control project. Roseau Lake was drained in the early 1900’s. Prior to drainage the area had a rich history of wildlife use and public recreation use. The lake remains drained yet today except during wet periods when the Roseau River overflows its banks and re-floods the original lake basin. 
Wildlife use of the area fluctuates dramatically with the water levels. It can be a good area to observe shorebirds and other wetland related wildlife during migration some years.

### Roseau

**Roseau River Wildlife Management Area**  
27952 400th St.  
218-463-1130

http://www.dnr.state.mn.us/wmas/index.html

Located in NW Roseau County, 8 mi. N of Badger  
* Year round

Dikes open to hiking and snowmobiling. 
Snowmobiling legal on WMA outside of sanctuaries. No groomed trails on the WMA.

62,000 acre area with several thousand acres of other public land adjoining. The unit is low and flat, part of the glacial Lake Agassiz lake plain. The Roseau River flows west for 14 miles through the unit. 3 impoundments totaling 10,600 acres have been constructed. These wetlands are managed for resident and migratory waterfowl, other wetland wildlife species, public hunting, & other recreational pursuits as well as flood control. There are 3 sanctuaries totaling 7,000 acres which provide feed, resting, & breeding areas. This WMA is uniquely large & diverse. Hunting, fishing & birdwatching are popular pursuits on the WMA. 
Primitive camping.

<td>Experience wildlife at the beach along Glacial Lake Agassiz. To the west are the Tallgrass Prairies - to the east, the Aspen Parklands. The Audubon Center has them both. It's a great place to spot magpies &amp; kingfishers, warblers and owls, as well as the occasional otter, moose, bear and wolf. Bring a picnic lunch and spend the day. Experience the quiet serenity of the pine groves, prairie vistas and aspen woodlands. There's plenty to see. While you're here, take a walk across the street to the Agassiz Valley flood control impoundment - one of the best birding locations in NW MN. Look for white pelicans, common loons, sandhill cranes, great blue herons, shorebirds and waterfowl. New in 2015, the Agassiz Valley Residential Pollinator Garden will be available for you to visit, which showcases natural habitat plants, forbs and trees. Steam Locomotive No. 1024, a Mikado class steam engine, was built by the American Locomotive works, Dunkirk, in 1912 for the Monon Railroad of Indiana. 1024 and seven other locomotives were sold by the Monon R.R. to the Soo Line R.R. in 1941 and 1942. It is the last known steam locomotive of its type in existence that was operated by the Monon R.R. The Soo Line R.R. donated the locomotive to the City and it has been on static display at the Depot site since 1956.
Museums and Historic Areas

The Carnegie Library
